Notes to Unaudited Condensed Financial Statements

Note A: Basis of presentation

The financial statements presented herein have been prepared by the Company in accordance with the accounting policies in its amended Form 10-SB dated December 31, 2000 and updated through March 31, 2001, and should be read in conjunction with the notes thereto.

In the opinion of management, all adjustments (consisting only of normal recurring adjustments) which are necessary to provide a fair presentation of operating results for the interim period presented have been made. The results of operations for the periods presented are not necessarily indicative of the results to be expected for the year.

The Company is in the development stage in accordance with Statements of Financial Accounting Standards (SFAS) No. 7 "Accounting and Reporting by Development Stage Enterprises". As of September 30, 2001, the Company has devoted substantially all of its efforts to financial planning, raising capital and developing markets.

Financial data presented herein are unaudited.

Note B: Related party transactions

Prepaid rent

The Company paid an affiliate \$4,000 during April 2001 to rent office space for the period from April 1, 2001 through March 31, 2002. As of September 30, 2001, \$2,000 is expensed as rent and \$2,000 is capitalized as prepaid expense in the accompanying condensed unaudited financial statements. The Company's management estimated the fair market value of the office space at \$500 per month. Therefore, an additional \$2,500 was expensed as rent during the nine months ended September 30, 2001, with an offsetting credit to additional paid-in capital.

Indebtedness to related parties

The Company paid an affiliate \$864 during the nine months ended September 30, 2001 for administrative services performed on behalf of the Company. The Company's management estimated the fair value of the services at \$1,000 per month. Therefore, an additional \$8,136 was expensed as contributed administrative support during the nine months ended September 30, 2001, with an offsetting credit to additional paid-in capital. The Company owed the affiliate \$15 for the administrative expenses at September 30, 2001, which is included in the accompanying condensed balance sheet as due to affiliate. The Company repaid the affiliate in October 2001.

At September 30, 2001, the Company owed an officer and two directors a total of \$6,000 (\$2,000 each) for working capital advances. The advances are unsecured, bear no interest and are due on demand.

Note C: Income taxes

The Company records its income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes". The Company incurred net operating losses during the nine months ended September 30, 2001 resulting in a deferred tax asset, which was fully allowed for; therefore, the net benefit and expense resulted in \$-0- income taxes.

Part I. Item 2. Plan of operation

EASYWEB, INC.
(A Development Stage Company)

PLAN OF OPERATION

The Company plans to continue to design, market, sell and maintain customized and turnkey web sites on the Internet that are hosted by third parties. To date, revenues from these services have been minimal. The Company intends to generate increased revenue through the expenditure of additional funds for marketing, advertising and promotion. The Company believes that the revenue generated from operations may not be sufficient to finance future activities and that it may be necessary to raise additional funds through equity and/or debt financing in the next twelve months. There is no assurance that the Company will be able to generate additional capital for marketing, advertising and promotion and/or other purposes. In the event that only limited additional financing is received, the Company expects its opportunities in the design, marketing, and sale of Internet web sites to be limited.

The Company filed a Registration Statement on Form 10-SB with the Securities and Exchange Commission ("SEC") in February of 2001 to register its no par value common stock and become a reporting company. To date, the SEC has not completed its review of the Form 10-SB.

The Company does not intend to hire any additional employees in the foreseeable future. The Company does not intend to make significant equipment purchases within the next twelve months.

FINANCIAL CONDITION

As of September 30, 2001, the Company had total assets of \$4,445 as compared to \$28,426 at December 31, 2000. The decrease was a result of cash used to fund net losses of \$32,113 incurred during the nine months ended September 30, 2001.

RESULTS OF OPERATIONS

During the nine months ended September 30, 2001, the Company recorded sales totaling \$1,456 as compared with \$4,000 for the nine months ended September 30, 2000. However, sales to unrelated third parties increased to \$1,456 for the nine months ended September 30, 2001, as compared to \$-0- for the nine months ended September 30, 2000.

Operating expenses decreased from \$38,490 for the nine months ended September 30, 2000 to \$33,569 for the nine months ended September 30, 2001. The operating expenses decreased because of (1) a decrease in salaries and payroll taxes, (2) a decrease in advertising expenses, and (3) a decrease in web site expenses. Management reduced these expenses because of the Company's limited working capital.
